Link a device

Device Name	ID	Status	Date Added	Last Login
iPhone	...-cc69	Activated	August 08, 2025 11:49	Remove

6 Click "Link a device"

The screenshot shows the 'Settings' page for a user named 'EMPLOYEE, Edward (13511)' who is a 'College Nurse'. The 'Mobile Devices' tab is selected. An orange arrow points to a button labeled 'Link a device' which is highlighted with an orange border. Below this, a table lists the linked devices.

Device Name	ID	Status	Date Added	Last Login
iPhone	...-cc69	Activated	August 08, 2025 11:49	Remove

7 Follow the same process as you did during the initial installation.

The screenshot shows the Aurion app setup screen. At the top, there is a link 'Back to Self Service'. The main heading is 'How to add a mobile device' with the subtext 'Connecting the Aurion App to your Aurion Self Service account is easy.' Below this, there is a section titled 'Install App' which says 'Make sure you already have the Aurion App installed on your mobile device. If not, please download it now from your favourite app store:' and provides links to the App Store and Google Play. Below this, there is a section titled 'Scan QR' which says 'Scan this QR code using the camera on your mobile device.' and displays a QR code.
